

COVID-19 Safety Regulations

Unfortunately, we are experiencing a pandemic that will affect our Farmers Market and it will change the way foods and goods will be handled.

Please read the following before signing:

By signing this form, I agree to safely handle my goods with clean hands, latex-free gloves, and while wearing a mask. I will, to the best of my abilities, not cross contaminate my germs or the germs of anyone else onto my goods. I will package pre-orders safely. If I or anyone in my household have been exposed to someone with COVID-19 I will not participate in the Farmers Market for up to 3 weeks of self quarantine, or tend to/prepare goods for the Farmers Market until that 3 weeks is over to prevent the spread of COVID-19 to consumers.

My vendor spot will be managed by 2 different people, so that one person can tend to the goods while the other person tends to the money.

I, and those working with me, will regularly sanitize our hands and change our latex-free gloves while working at the Farmers Market.
